

Dschang, the 11 OCT 2017

ANNOUNCEMENT

On the organization of a **Start-Up Week** at the University of Dschang

From the 05th to the 10th of November 2017, the University of Dschang (UDs) is hosting a business project competition entitled '**CATI²-UDs Start-Up Week**'. This event marks the end of the maturing process of 22 projects at the Support Center for Technology, Innovation and Incubation of the University of Dschang (SCTI²-UDs).

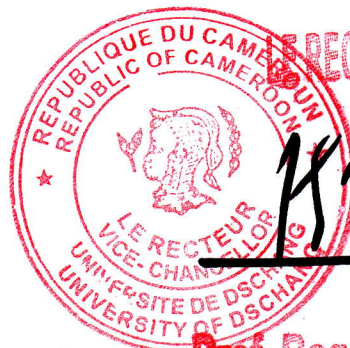

These projects were selected on the 27th of March 2017 from 455 project ideas received following the call of 29th of November 2016 and the information campaign conducted from the 06th to the 18th of January 2017 by the SCTI²-UDs operational team at Ebolowa, Yaounde, Bafia, Bandjoun, Foumban and Dschang. After seven months of incubation, the project leaders will present their projects on the 09th of November 2017 to a jury of experts. At the end of the exercise, the first ten projects will receive financial support for their immediate transformation into viable enterprises.

Before the submission of the projects to the appreciation of the experts, the projects leaders will receive in the SCTI²-UDs training room, from the 06th to the 08th of November 2017 the final touch of enrichment of their proposals. Practical workshops will be organized for them on leadership, personal development, strategic communication, etc. Trainers will be assisted by mentors - young entrepreneurs - who will share with the projects leaders their experiences in business creation and fundraising.

The prize award ceremony will take place on the 10th of November 2017 at the UDs Conference Center on the occasion of the Solemn re-opening of the 2017 / 2018 academic year./
