Announcement

First special call for innovative ideas in the fields of Artificial Intelligence (AI), Blockchain and application development

The Vice-Chancellor of the University of Dschang informs the public in general and members of the university community in particular that the Centre d'Appui à la Technologie, à l'Innovation et à l'Incubation de l'Université de Dschang (CATI²-UDs) in partnership with Afrika Digital Market Place (ADMP) is launching the **first special call for innovative ideas** in the fields of **Artificial Intelligence (AI), Blockchain and Application Development**.

The CATI²-UDs call for ideas is aimed at students regularly enrolled at the University of Dschang and young people from the city of Dschang and its surroundings, having an innovative idea and wishing to create a business in Cameroon to exploit it.

Open to all young people, it is completely free.

Winners receive individual support and grants to help them turn their idea into a **viable business project**.

To apply, simply submit your project idea to CATI²-UDs located on campus A of the UD or send it to the address: cati2-uds@univ-dschang.org before **January 31, 2024**.

Persons wishing to obtain further information, are invited to contact Mr. DJEUDJI TCHEMGOUM Edme Gabin, Facilitator of CATI²-UDs (Phone : 670 12 56 66/693 51 23 18)./-
